Scan the code.
Protect your printers.

Make sure every box is genuine HP.

Counterfeit supplies are a bigger problem than most people think. They can harm your printers, your bottom line, and the environment. They can also look very real. Scan the QR code to make sure you get Original HP quality. Because protecting your investment matters. Learn more at **hp.com/go/anticounterfeit**

Make it matter.

Make sure you're getting Original HP toner and ink

Step 1
Download the HP SureSupply app or a generic QR scanner app from your app store

Step 2
Scan the QR code on the outside of your HP toner and ink boxes

Step 3
After scanning, your smartphone will display a verification screen from HP
